CBA JOINS THE SEBCC – Reluctantly, the CBA has joined the Southeast Bridge Clubs Consortium. We could not compete with them in running our online games so we are joining them. This will officially begin, January 1, 2022 but these games will actually be available to us starting Dec. 31, 2021. You can find their calendar of games (Open and Limited games everyday, three times a day) and other information about this on our website: www.charlottebridge.org. If you're going to play online, please play in these games as the CBA will receive revenue for any of our members that play.
