

We had a recent situation at the club where a member became ill and we had to call 911 to have him taken to the ER and attended to. And we did not have any emergency contact information for him (we could not contact his loved ones). To remedy this, we will ask all members who attend the club to provide us with primary and secondary emergency contact along with their cell phone numbers. This information will be kept in a hard copy (either a Rolodex or notebook) at the director's table and an electronic copy (an excel file) on the desktop of the directors' computer. The information will only be used in emergency situations.

Nancy Wilson (fone = **901 355 7937**, email = nmwilson2k@gmail.com) has graciously volunteered to head up the effort to collect and organize this information. Your participation in this program is purely voluntary. If you plan to participate, you will be able to provide the emergency contact information on your upcoming visits to the club.

If you have any questions or concerns, please contact Greg LeBlanc at gnlblnc150@gmail.com or 704.996.1107
